

Amended Appendix 3B – Options Issue

Tennant Minerals Limited (ASX:TMS) (the “Company”) advises that the Company has today released an amended Appendix 3B for a proposed issue of securities. This Appendix 3B replaces the 3B previously released on 5 June 2026 which contained an incorrect description of the securities such that the proposed Options would expire on 30 June 2026. The correct date of expiration for the options proposed to be issued is 30 June 2030.

This announcement was authorised for release by the Board of Directors.
